

Bulky Pick-up Week of Aug 13th– 17th

Once again the Village of North Fond du Lac will be offering a curbside bulky waste collection. Collection will begin Aug 13th through Aug 17th. Crews will begin in the south east area of the village and work their way north and west through the village. Crews will only be making one pass through the village, please have your items out in advance of the crew. Please place your items for collection at the curb in sturdy containers, if in cardboard boxes please tape the bottom of box, so it can hold the weight within it. Please place metal objects in separate piles.

Items that are not going to be accepted include all types of tires, television sets or computer monitors, air conditioners and dehumidifiers, lawn waste, building and or demolition materials, refrigerators, freezers, and microwave ovens. We will accept stoves, ovens, water heaters, wash machines, and dryers.

We ask that you do not begin placing items at the curb until August 11th.
