

Waste Management

Memorial Day Schedule

Many of our locations will be closed for Memorial Day. Your scheduled recycling collection will be provided 1 day late. Please ensure your containers are available for service.

Here are some steps you can take to prepare for your service:

- Best practice is to place your container out the night before where allowed or by 5 a.m. on your service day
- Keep your container accessible. Parked vehicles and other obstacles may prevent us from servicing your container

We appreciate your business, have a safe and happy Memorial Day!
